

CANDIDATE SUPPORT CRITERIA

Save America Now will contribute only to those candidates who are viable, **uphold the conservative worldview**, and are in a competitive race. We do not support those who will easily win or likely lose. Rather, we want our funds to go to the most important races in which our contribution will

actually make a difference. We aim to tip the scales and push the right people over the top. In this vein, our goal is to retake control of both the House and Senate in order to limit the damage the reckless Biden administration is inflicting on America.

MORE FULLY, THE CANDIDATE MUST:

- be a conservative and, preferably, have a history of supporting or being involved in conservative causes and activities.
- have community credentials, meaning he or she was active in the community before running for office.
- be able to raise the funds necessary to be competitive.
- be able to attract a grass-roots following.
- be able to articulate conservative positions on all key issues.
