RELIGIOUS LIBERTY

DID YOU KNOW...

A recent study shows that only the United States and perhaps South Korea are the only lands of religious Liberty on this planet.

The PAC wants to keep it that way.

The freedom to practice your religion is a fundamental right under the United States constitution.

The concept of **religious freedom** is a core foundation upon which our nation was built. With their all out assault on traditional Christian ethics — all in the name of a “tolerance” more akin to authoritarian rule than a healthy functioning democracy — the Democrat Party is clearly trying to strip away the religious freedoms so wisely protected by the Constitution. How can you claim to be tolerant while criminalizing free thought? How can you punish religious institutions for merely holding fast to the millenia-old ethic of their religious practice? Enough is enough.

The time is now to take a stand and put an end to this brazen attack on our most vital liberties. Will you step into the gap with us and make your voice heard?
