

# SANCTITY OF LIFE

## DID YOU KNOW...

1. That a portion of the federal taxes you pay every month is now going to fund abortions around the world?
2. That, in March 2021, then President Biden executed the largest expansion of taxpayer-funded abortions since Obamacare in the “American Rescue Plan” COVID-19 relief bill?

**What's more, these two facts are merely the tip of the iceberg** with respect to the Democrat Party's denigration of life. While they may claim to care for the broken and vulnerable — those most needing help and care from a world that's content to pass them by — the Democrat Party's actions with respect to defenseless unborn children are both shocking and reprehensible.

**How can you be a champion of a person's dignity** while blessing and expanding the butchering of the unborn? How can you claim to respect women while at the same time presiding over the killing of millions of young girls with no voice or ability to fight back?

**The truth is that every human life** — from conception to the grave — has dignity and deserves the right to exist. Given the current political climate and how hostile things are getting for the most vulnerable among us, we're taking a stand and doing our part to help Save America Now.
